

Universal Child Health Record

MMO Programs

40 S Fullerton Ave

Montclair, NJ 07042

www.mmoprograms.net T: 973-744-6521

All licensed child care centers are required by the State of New Jersey to keep an up-to-date Universal Health Record on file, reflecting your child's most recent physical examination (indicating that your child has been seen within the last 12 months), signed by a physician, as well as an up-to-date record of all immunizations received.

Immunization Requirements

As stated in the MMO Family Handbook and the Enrollment Agreement, children attending MMO **must be fully immunized in accordance with New Jersey Department of Health Child Care/Preschool Immunization Requirements** unless there is a medical exemption. In such a case, written documentation must be provided by your child's physician.

Immunization requirements may be found at:
https://www.nj.gov/health/cd/imm_requirements/

Annual Flu Vaccine

The state of New Jersey requires **an annual flu vaccine** for all children six months and older attending childcare. So that we have time to record the required documentation for all students before our winter break, we require proof of this vaccine by Friday, December 4, 2026. Proof of current flu vaccine must be on file in the MMO office before your child will be admitted the first day MMO is in session in January 2027.

Covid-19 Vaccine Requirements

As of August 2022, neither the NJ Department of Health (DOH) nor MMO requires students to be vaccinated against COVID-19.

MMO and Private Exemptions

As a center affiliated with a religious institution, **MMO Programs is not required to allow the attendance of children who are not immunized by choice due to family philosophical or religious reasons.**

Montclair Township Immunization Audits

The Township of Montclair will audit each student's health records and will prohibit any child from attending without up-to-date immunizations. **When your child receives any additional immunizations during the school year, please provide us with updated documentation from your child's physician.**
